## Acknowledgements

We are grateful to Dr. Larry A. Walker (Director of the National Center for Natural Products Research, Mississippi University, USA) for allowing us to perform antimicrobial and antimalarial assays in center laboratory. The authors also thank Prof. Dr. Hayri Duman (Gazi University, Faculty of Science, Department of Botany, Etiler, Ankara, Turkey) the authentication of the plant specimen. This work was financially supported by the NIH (National Institutes of Health) grant AI27094.
